## 推荐信

尊敬的先生/女士:

我怀着极大的热情代表 ABDULBASET AL-ROMAIMA 写这封推荐信。作为广西医科大学药学院的一名高级教员，多年来我有机会见到许多有才华的外国医科学生。我很少有机会和像 AL-ROMAIMA 这样才华横溢的学生一起工作。我教过他波普解析。我很高兴向您推荐他攻读生药学博士研究生。他分享我他打算申请贵校的博士课程，因此我强烈建议考虑他的申请。

一直以来，我发现 AL-ROMAIMA 先生是一位优秀的研究工作者，具有不妥协的科学严谨和冒险精神。他也展示了坚实的教育背景和卓越的实验室实验能力。

作为他的老师，我为他的学术成就感到骄傲。他显然是一个很有潜力的学生。由于中国在生药学方面的学习和研究仍低于国际标准，我个人认为，在一个技术先进的国家攻读生药学研究生学位将是 AL-ROMAIMA 先生最感兴趣的专业。我毫不怀疑他会充分利用这次宝贵的机会使自己成为一流的药学家。

最后，鉴于我的这个学生卓越的学术潜力和积极向上的性格，我再次向贵校的博士研究生项目强烈推荐他。我衷心支持他。

### Recommendation letter

#### To Whom It May Concern

It is with great enthusiasm that I write this letter of recommendation on behalf of **ABDULBASET AL-ROMAIMA**. As a senior faculty person at the Guangxi Medical University College of Pharmacy. I am a professor at Guangxi Medical University, College of Pharmaceutical Sciences, and Mr. AL-ROMAIMA's teacher of Spectroscopy Analysis subject. I am pleased to recommend him to your Ph.D. program of Pharmacognosy.

All along, I found Mr.ABDULBASET AL-ROMAIMA a fine research worker of uncompromising scientific rigor and adventurous spirit. He has also demonstrated a solid educational background and a remarkable ability in lab experimentation.

As his teacher, I am proud of Mr.ABDULBASET AL-ROMAIMA for his academic achievements. He certainly stands out as a student of great potential. Since the study and research in Pharmacological medicine in China are still below international standards, I personally believe that it will be to Mr. T AL-ROMAIMA's best interest to enter a graduate degree program in Pharmacognosy in a technologically advanced country. And I have no doubt that Mr. ABDULBASET AL-ROMAIMA will take full advantage of this precious opportunity to make himself a pharmacologist.

Finally, I again strongly recommend this student of mine, in view of his remarkable academic potential and positive personality, to your graduate PhD program. Mr. ABDULBASET AL-ROMAIMA has my wholehearted support.

Yours Sincerely,

Professor Yongbiao
